FOR IMMEDIATE RELEASE – 24 July 2017

Springville, UT, USA - Kalaban announces the new progressive rock album *Edge of Infinity* (available now through [CDBaby](https://www.cdbaby.com) and [Amazon](https://www.amazon.com)). This is the first Kalaban album since *Turn To Flame*, which released in 2010.

Note: All 5 press kit documents are downloadable at: [Kalaban.com PressKit](http://Kalaban.com/PressKit)

Edge of Infinity extends Kalaban's passion for cinematic progressive rock music, joining complex musical ideas with socially relevant stories. As a theme album, it focuses on how the interesting moments in life often occur where human experiences make transitions, much like when the edge of land meets the sea, or as our life-giving sky blends into the vacuum of outer space. The *Edge of Infinity* tracklist is "God Is an Avon Lady," "Berlin," "Fields of Night," "Opus Octopus," and "Dusky Loch" (which is a preview of the upcoming album).

Two tracks, "God Is an Avon Lady" and "Berlin," are streaming on [Jango Radio - Kalaban](http://JangoRadio.com/Kalaban). Spotify also has these two tracks and more. [Berlin](#) and [God Is an Avon Lady](#) are also on YouTube with full motion video.

Early comments about *Edge of Infinity*

Peter Theilen, Exposé Magazine – "amazing, intense music, deeply layered and textured" ([Expose - Kalaban 2017](#))

Tom Graefe, Sony Pro Audio, Graefe Designs – "[Opus Octopus" is] quite a journey; makes you want to go into the basement and whip up some mind chemicals!"

"Jack Secret" (RUSH live tour tech, 30yrs+) – "very interesting arrangements!"

Short Band History

Kalaban was founded in 1975 in Provo, UT, and has received numerous awards from progressive music magazines such as *Progression* (UK), [Exposé](#) (USA), *Carpe Diem* (Germany), *Audion* (UK), and *Marquee* (Japan). Kalaban was voted "Best Progressive Band" in 1994 by several of these same magazines. Previous album releases include *Don't Panic* (1992), *Resistance Is Useless* (1994), and *Turn to Flame* (2010). Kalaban previously has recorded under the SynPhonic label and is now independent.

More information: To receive a full *Edge of Infinity* press kit including CD, or to set up an interview, please contact WizTunes Productions at info@kalaban.com or +1-801-380-4916.
